

A Correction for Paper “Morphological Wavelet Transform With Adaptive Dyadic Structures”

Zhen James Xiang and Peter J. Ramadge
Proceedings of the IEEE International Conference
on Image Processing, 2010.

May 2011

There is a small error in the paper appearing in the conference proceedings. On page 2, the last sentence of section 3.1 should be changed from

For image signals of $N = 2^{md}$ pixels/voxels, the time and space complexity is $\mathcal{O}(N \log N)$ and $\mathcal{O}(N)$, respectively.

to

For image signals of $N = 2^{md}$ pixels/voxels, the time and space complexity is $\mathcal{O}(N \log N)$.

We apologize for the confusion.
